

Collection Use FY2024

2024 Rhode Island Public Library Statistical Report: Collection Use

Release date: January 2025

These data tables are part of a statistical report based on data collected in the 2024 Rhode Island Public Library Annual Survey. The full report is located on the Office of Library and Information Services website at <https://olis.ri.gov/programs-and-support/library-statistics/public-library-annual-survey>.

Data collected through the Annual Survey covers FY2024 (July 1, 2023 - June 30, 2024). The deadline for the report submission was September 15, 2024.

The Office of Library and Information Services (OLIS) participates in the national Public Libraries Survey (PLS), which is administered annually by the Institute of Museum and Library Services (IMLS). Data submitted to the PLS goes through a vetting process to ensure accuracy. Preliminary data is returned to the states annually, but is not considered finalized until published by IMLS. The data made available by OLIS through this statistical report is preliminary data, with a few corrected data points from individual libraries.

Throughout this workbook, calculated measures are indicated by a gold column heading, or a lighter hue of the main color used on that sheet. The Audience sheet uses different colors for each audience. Newly introduced output measures or clarifications about the data are defined in footnotes below the applicable tables.

For municipalities in which more than one independent library system operates, library service areas were determined by OLIS using a spatial analysis of patron location. The municipal population was apportioned based on the geographic location and density of each library's patrons within the municipality. Only the population within the designated library service area is reflected in the population figure for each of the 17 libraries that share municipalities. If you have questions about using the data, suggestions for improvements, or have developed analyses that would be helpful to the community, please contact Kelly Metzger, kelly.metzger@olis.ri.gov.

Worksheet description

Output measures for each library
Output measures by municipality
Output measures arranged by population peer groups
Physical collection circulation
Total Circulation trend chart
Physical and electronic circulation, by audience
Electronic materials circulation
Electronic materials circulation by municipality
Audio visual circulation, both physical and electronic
Interlibrary Loan statistics
Raw data from other sections used in calculating measures
Raw data about circulation and collection use, as reported

Circulation Measures FY2024

Location	Municipality	Total Circulation per Registered Borrowers	Total Circulation per capita	Collection Expenditure per Use†	Physical Collection Turnover Rate*
Barrington Public Library	Barrington	28	20	\$ 0.37	2.36

Average		21	7	\$ 0.79	1.29
Median		20	7	\$ 0.64	1.29

Total Circulation - The sum of the number of physical collection circulations and electronic collection circulations.
*** Turnover Rate** (*Total Physical Circulation ÷ Total Physical Materials*) - This output measure relates the number of physical circulation transactions to the size of the physical collection. It is a measure of the activity of the library's collection, indicating the number of times each piece of the collection would have circulated during the year, if circulation had been spread evenly throughout the collection.
† Collection Expenditure per Use (*Total Collection Expenditures ÷ Total Circulation*) - This output measure relates the funds spent on acquiring materials to the number of materials circulated.

Circulation Measures by Municipality FY2024

* **Net Lending Rate** (Provided to Total ÷ Received from Total) - This output measure is a ratio that indicates whether the library does more borrowing or lending. A number greater than 1.0 indicates the library does more lending; a number below 1.0 indicates the library does more borrowing.
