

Library Services FY2024

2024 Rhode Island Public Library Statistical Report: Service

Release date: February 2025

These data tables are part of a statistical report based on data collected in the 2024 Rhode Island Public Library Annual Survey. The full report is located on the Office of Library and Information Services website at <https://olis.ri.gov/programs-and-support/library-statistics/public-library-annual-survey/reports/2024>.

Data collected through the Annual Survey covers FY2024 (July 1, 2023 - June 30, 2024). The deadline for the report submission was September 15, 2024.

The Office of Library and Information Services (OLIS) participates in the national Public Libraries Survey (PLS), which is administered annually by the Institute of Museum and Library Services (IMLS). Data submitted to the PLS goes through a vetting process to ensure accuracy. Preliminary data is returned to the states annually, but is not considered finalized until published by IMLS. The data made available by OLIS through this statistical report is preliminary data, with a few corrected data points from individual libraries.

Throughout this spreadsheet, calculated measures are indicated by different colored headings. Newly introduced output measures or measures which require clarification are defined in footnotes below the applicable tables.

For municipalities in which more than one independent library system operates, library service areas were determined by OLIS using a spatial analysis of patron location. The municipal population was apportioned based on the geographic location and density of each library's patrons within the municipality. Only the population within the designated library service area is reflected in the population figure for each of the 17 libraries that share municipalities. If you have questions about using the data, suggestions for improvements, or have developed analyses that would be helpful to the community, please contact Kelly Metzger, kelly.metzger@olis.ri.gov.

Click on one of the links below or one of the tabs to view individual sheets.

Tab Title

[Access](#)

[Technology](#)

[Programs](#)

[Program Audience - Chart](#)

[Program Attendance](#)

[Other Programming Activities](#)

[All Data](#)

Worksheet description

Borrowers, visits, reference transactions, and more

Computers and wireless sessions

Program data by format and by audience

Chart showing percentage breakdown by audience for each library

Attendance at programs, by format and by audience

Recordings of library-created content and self-directed activities

Raw access, technology, and programming data, as reported

* Total Number of Asynchronous Recordings for Library-Created Content - This figure represents video or audio recordings created by the library during the fiscal year for patrons to access on demand.

† Number of Self-Directed Activities - A self-directed activity is a planned, independent activity available for a definite time period. Activities are unstructured and depend on the participation of the individual to create the experience independently.
