

**2025 Rhode Island Public Library Statistical Report:
Collection Use**

Release date: February 2026; Updated March 2026

These data tables are part of a statistical report based on data collected in the 2025 Rhode Island Public Library Annual Survey. The full report is located on the Office of Library and Information Services website at <https://olis.ri.gov/programs-and-support/library-statistics/public-library-annual-survey>.

Data collected through the Annual Survey covers FY2025 (July 1, 2024 - June 30, 2025). The deadline for the report submission was September 15, 2025.

The Office of Library and Information Services (OLIS) participates in the national Public Libraries Survey (PLS), which is administered annually by the Institute of Museum and Library Services (IMLS). Data submitted to the PLS goes through a vetting process to ensure accuracy. Preliminary data is returned to the states annually, but is not considered finalized until published by IMLS. The data made available by OLIS through this statistical report is preliminary data, with a few corrected data points from individual libraries.

Throughout this workbook, calculated measures are indicated by a gold column heading, or a lighter hue of the main color used on that sheet. The Audience sheet uses different colors for each audience. Newly introduced output measures or clarifications about the data are defined in footnotes below the applicable tables.

For municipalities in which more than one independent library system operates, library service areas were determined by OLIS using a spatial analysis of patron location. The municipal population was apportioned based on the geographic location and density of each library's patrons within the municipality. Only the population within the designated library service area is reflected in the population figure for each of the 17 libraries that share municipalities. If you have questions about using the data, suggestions for improvements, or have developed analyses that would be helpful to the community, please contact Kelly Metzger, kelly.metzger@olis.ri.gov.

Tab Title

- [Circ Measures](#)
- [Circ Measures - muni](#)
- [Circ Measures by pop](#)
- [Physical Circ](#)
- [TotalCirc trend chart](#)
- [Audience](#)
- [Elec Materials](#)
- [Elec Materials - muni](#)
- [AV Circ](#)
- [ILL](#)
- [Other Data](#)
- [All Collection Use Data](#)

Worksheet description

- Output measures for each library
- Output measures by municipality
- Output measures arranged by population peer groups
- Physical collection circulation
- Total Circulation trend chart
- Physical and electronic circulation, by audience
- Electronic materials circulation
- Electronic materials circulation by municipality
- Audio visual circulation, both physical and electronic
- Interlibrary Loan statistics
- Raw data from other sections used in calculating measures
- Raw data about circulation and collection use, as reported

Circulation Measures FY2025

Average	25	7	\$ 0.70	1.34	139,135
Median	24	7	\$ 0.51	1.26	91,436

Total Circulation - The sum of the number of physical collection circulations and electronic collection circulations.

* **Physical Collection Expenditures per Use** (*Print Expenditures + Other Physical Materials Expenditures*) ÷ *Total Physical Materials Circulation* - This output measure relates the funds spent on acquiring physical materials to the number of physical materials circulated.

† **Physical Collection Turnover Rate** (*Total Physical Circulation* ÷ *Total Physical Materials*) - This output measure relates the number of physical circulation transactions to the size of the physical collection. It is a measure of the activity of the library's collection, indicating the number of times each piece of the collection would have circulated during the year, if circulation had been spread evenly throughout the collection.

Circulation Measures by Municipality FY2025
